

UTICA CITY SCHOOL DISTRICT
929 York Street
Utica, NY 13502

IMPORTANT MESSAGE

December 2, 2021

Dear Parents/Guardians:

As you may know, the Utica City School District recently surveyed students and families to determine the availability of internet access in their homes. This was done as a proactive measure to ensure that we have the most updated information on file.

The Utica City School District has no intention to close schools at this time and switch to remote learning. However, we have a responsibility to be prepared in the event of a governmental order to close schools by the health department.

Should the information on file related to your child's need for a Chromebook or internet access change, please contact your child's school.

Thank you.
