 **Kindergarten
Orientation**

It is very important to download the Parent Square App., as the district is now using this in place of Class DOJO. Not only will you have immediate, up-to-date access to information for both your child's class and school, you will be able to communicate with your child(ren)'s teacher and other members of the school. **If your child rides the bus, you definitely will want to be on Parent Square as we post updated dismissal bus information each day, in the event the bus is running late.**

If you have not yet received your child's Parent Square information, please email: parentsquare@uticaschools.org, they will be able to assist you.
