## The End of the School Year

The end of the school year always is the busiest time of year for everyone!

Learning is all coming together. Students are finishing their work for their teachers, completing end of the year examinations, completing projects, and striving to do their best to get the best grades that they can.

Teachers are under a rush to get all of the material that they have to teach completed with their students.

For parents, there are daily items to attend to, especially when they have several children in school.

## Principal's Note, page 2

It is nearly impossible to try to keep everything straight and organized.

The purpose of this newsletter is to try to get as much as we can together to help everyone see the list of items that will be happening in the last stage of the school year here at JFK.

This list will be ongoing too. Items will be added, so this list is not conclusive. Still, it is a good idea as to what is happening.

Student attendance is critical at this time of year to finish their learning for the year and partake in the many events that will be happening!
