National Junior Honors Society Induction

by Anela Ferhatovic and Mia Mann

There were 35 students inducted into the Junior Honor Society. We interviewed Mrs. Starsiak and Mrs Halpin about the induction and how to get in. After being sent a letter, there was a ceremony held for students in the auditorium after school on November 17, 2022. Parents, Board members, and district members were invited to attend. To get selected for an application, you have to have a 90 or above every marking period in 7th grade. On the application, you had to meet 5 criteria. The criteria are academic scholarship, leadership, community service, citizenship, and character. Academic scholarship means you have the 90 or above average. Leadership is taking action within your community. Community service is helping out in your area, in or out of school. Citizenship is doing the right thing in your community even when no one is looking. Character shows you have enthusiasm with any activities you've done in and out of school. Any awards you have received also contribute to your chance of getting in. Mrs.Halpin shared some advice for 7th graders with hopes of being in the Junior Honor Society next year. Her advice is "To not only continue to work hard in school, to stay on honor roll, but to definitely be involved in a school or community activity. Colleges love students who are involved in their school and community."

Movie Review: Home Alone

by Anela Ferhatovic

This is a great movie to watch during the holidays. Kevin Mcallister is an 8 year old boy with a huge family. The family plans on going to Paris on vacation, but the night before they leave Kevin acts up and his mother makes him sleep in the attic. While Kevin was acting up, he was wishing that he had no family. The next morning the family wakes up late and almost doesn't make it to the airport. In their hurriedness, they leave Kevin behind by mistake. After they leave, two suspicious men try to break into the house, thinking no one is there. Kevin had many traps made to defend himself and the house. This movie is extremely funny. I really liked it, I think it's one of my favorite movies. This deserves a 10/10.

Roblox; A Fun Game For All

Mia Mann

If you're ever bored, here's a fun game to play. This website is full of extraordinary and interesting games.

With genres ranging from horror to light hearted simulations, there would have to be one game you like.

If you're looking for a good simulation, I would recommend the game called "Adopt me". In this game, you can adopt children, pets, and do many activities. These activities include going to a park, going on air balloons into the clouds, skydiving, and many more. In contrast to this game, there are many horror games. A very popular horror game would be called, "The Mimic". This horror game is based off Japanese mythology and is set in Japan.

The Mimic has many frightening characters that give jumpscars if caught. Besides from horror and simulators, there are many different kinds of games. Some of the games I mentioned include drawing games and guessing games. If you're ever bored, now you know some fun games to play.

Movie Review: Enola Holmes 2

by Anela Ferhatovic

Enola Holmes 2 is one of my favorite movies. Not only is it action packed, it's also full of mystery. Enola is the main character and she's incredibly intelligent. She really knows how to fight and can defend herself well. She's a detective and is great at solving mysteries. She knows what to do in scary situations. The movie takes place in the 1800s. Enola solves a case where she looks for Bessie Chapman's older sister, Sarah Chapman. She gets help from her brother Sherlock Holmes and a love interest, Tewkesbury. Like I said, this movie is full of action and suspense and I really recommend it. This movie deserves a 10/10.
