Autumn Is Here...

I hope all the parents and guardians of the Watson Williams School community were able to meet with their child's teacher, on Wednesday, September 20th at our Open House. Valuable information was provided regarding our curriculum, Title I funding, Watson's Academic performance, and our AIS program. All of the teachers were available to discuss our Reading Curriculum and grade level expectations. As mentioned at the open house your continuous support has helped us to make incremental gains and increase the learning outcomes of our students.

However, if you were unable to attend, we will have a 1/2 day of school on Thursday, November 16, 2017 to conduct Parent Teacher Conferences. You will receive a date and time for your conference. We ask for your partnership in helping us to effectively prepare our students for our local and the New York State Assessments. Please review your child's homework assignments daily and communicate with your child's teacher(s) frequently for updated information.

Your voice is very important to us and your attendance is highly encouraged and recommended at the scheduled events throughout the school year. I'm looking forward to the new school year and meeting with each of you. In addition, our fundraising campaign starts the 1st Wednesday and Friday in October. Please speak with your child's teacher about how you can become an active parent in supporting the schools initiatives throughout the year.

On behalf of all the staff at Watson Williams, we thank you for your continued support and interest in our programs and becoming active participants in your child's education.

Sincerely,
Dr. Cheryl B. Minor
Principal

MESSAGE FROM THE SCHOOL NURSE

"As part of a required school health examination, a student is weighed and his/her height is measured. These numbers are used to figure out the student's Body Mass Index or BMI. The BMI helps the doctor or nurse know if the student's weight is in a healthy range. This will then be reported to the New York State Department of Health. No names and no information about individual students are sent. However, you may choose to have your child's information excluded from this survey report. If you wish to have your child's weight status excluded in the survey, please come in to the school and sign the school survey form."
